

Peer Review Zarah Faraj

As a developer would the model help you and why/why not?

Yes, atleast with the conceptual Classes[1, p143]. Would mabey like to see some more attributes[1, p158].

Do you think a domain expert (for example the Secretary) would understand the model why/why not?

Yes i do, because the Secretary can see himself in the model with good Associations[1, p149].

What are the strong points of the model, what do you think is really good and why?

The Associations between the different classes[1, p149].

What are the weaknesses of the model, what do you think should be changed and why?

Believe it to be that it needs more attributes[1, p158].

Do you think the model has passed the grade 2 (passing grade) criteria?

Yes i do[1, p168].
